PROFESSIONAL STANDARDS DIRECTORY – Update 9

The Professional Standards Directory can be found at:

<http://www.actuaries.org.uk/regulation/pages/professional-standards-directory>. It is designed to permit members and others to access the current BAS standards together with the current version of the Actuarial Profession Standards.

The **Professional Conduct Standards (PCS), Version 3.0** which comes into effect on the 1st of August 2007, can be found at: <http://www.actuaries.org.uk/research-and-resources/documents/professional-conduct-standards-referred-pcs-version-30-current>

These changes have been made to recognise the establishment of the Board for Actuarial Standards (BAS) and, as set out in the Memorandum of Understanding between the Profession and the Financial Reporting Council dated 17 May 2006, that the responsibility for setting and maintaining actuarial technical standards now lies with BAS. The opportunity has also been taken to clarify some paragraphs which feedback suggests were unclear in Version 2.3.
